

INTEGRATED OBJECTIVES – REPORT PERIOD QTR 2 2021/ 2022

OBJECTIVE 1: Ensure Site Safety is a fundamental part of our daily work ethic. Spotting and reporting near misses are integral to this.

Target Met

Measure: Additional ‘train the trainer’ Behaviour Safety given to the team to put a stronger emphasis on near miss reporting, demonstrating a more positive safety culture in the workplace.

Statistics are advertised on Alcema website and discussed in team meetings.

OBJECTIVE 2: To ensure we limit any environmental risks on our projects.

Measure: Environmental procedures in place with Construction Environmental Plans (CEP) and Environmental Risk Assessments for each and every project. To date we have had no spills.

100% Complete

OBJECTIVE 3: Monitor our waste - Reduce our waste to landfill by recycling and recovering waste.

On Target

Measure: We monitor our waste and complete waste reports for each site we have worked on. This year we are at 97% recycled and recovered.

OBJECTIVE 4: To ensure we deliver completion of projects to the highest quality standards.

On Target

Measure: All projects to have a Quality Plan incorporated into the documentation and pre snagging to be completed prior to handover of the project to the client.
